- To all participants; please donate some drinks if you have, for example well-known products from your country for the party and attach it with your name card.

15th October (Wednesday) at Green World Hotel (Tam Dao)

09:00-10:00 Opening session-Everyone (Room “Pangolin”)

Chaired by Dr. Junpei Kimura and Dr Nabin Rayamajhi

09:00-09:20 Greetings

Prof. Dr. Tran Duc Vien, President of VNUA

Mr. Dang Gia Tung, President of Hanoi Zoo

Prof. Dr. Dau Ngoc Hao, President of VVA

Prof. Dr. Tokuma Yanai, Senior board of ASZWM

09:20-09:40 Wildlife Medicine Education and Research of Faculty of Veterinary Medicine, Vietnam National University of Agriculture: Achievement and Future Perspectives

Dr. Ba Tiep Nguyen, Vietnam National University of Agriculture

09:40-09:55 “Nature of Tam Dao”

Dr. Joost Philippa, Animals Asia Foundation

10:00-11:50 Special Session: “What is “Conservation Medicine”? A road to “One health””

--Everyone (Room “Pangolin”) Chaired by Dr. Junpei Kimura and Dr. Nabin Rayamajhi

10:00-10:10 “The Goal of This Session”

Dr. Tokuma Yanai, ASZWM Senior Board, Japan

10:10-10:30 “General Concept for Conservation Medicine”

Dr. Pam Whiteley, Melbourne University, Australia

10:30-11:00 “A History of Infectious Diseases and Civilization: Conquest or Co-existence?”

Dr. Taro Yamamoto, Institute of Tropical Medicine, Nagasaki University, Japan

11:00-11:30 “Conservation Medicine from Ecology –A Case Study on Behavioral Ecology of Japanese Black Bears”

Dr. Koji Yamazaki, Ibaraki Nature Museum, Japan

11:30-11:40 “General discussion for “Asian Society for Conservation Medicine”.

Dr. Junpei Kimura, ASZWM Secretary General, Korea

11:40-12:30 Poster Session

12:30-13:30 Lunch (Board meeting)

Stream 1---Room “Pangolin”

13:30-16:00: Welfare, Management and Conservation

17:00-18:30: Zoo and Aquarium Vet Networking

Stream 2---Room “Saolo”

13:30-15:15: Pathology

15:30-16:45: Asian Elephant

Stream 1--- Room “Pangolin”

13:30-16:00 Welfare, Management and Conservation

Chaired by Dr. Na Ki Jeong, Dr. Muhammad Agil, Dr Paolo Martelii, Dr Koichi Murata, and Dr. Nguyen Quang Truong

13:30-13:45 Experimental Translocation Project of Five Captive-born Amur Leopard Cats (*Prionailurus bengalensis euptilurus*) at Seoul Zoo, in Ansan Wetland Park Area.

Dr. Kyung Yeon Eo

13:45-14:00 The Follow Up survey of the Released Raccoon Dog (*Nystereutes procyonoides*) by the Wildlife Rescue Project.

Dr. Nobuhide Kido

14:00-14:15 Species Identification for a Rescued Wolf with Mitochondria DNA Control Region.

Dr. Soh-won Bae

14:15-14:30 Reproductive Behaviour of Caspian Red Deer (*Cervus elaphus maral*) in Wildlife Refuge of Semeskande, Sari.

Dr. Behrang Ekrami

14:30-14:45 Orangutan Veterinary Advisory Group (OVAD), an International Vet Network to Safe Orang-utans.

Dr. Fransiska Sulisty

14:45-15:00 Break time

15:00-15:15 Early Pregnancy Diagnosis in the White African Rhino using Ultrasound in Taman Safari Indonesia – Bogor.

Dr. Muhammad Agil

15:15-15:30 Diagnosis and Management of Gastric Foreign Body Obstruction Ingestion in Penguin in a Zoological Collection.

Dr. Lee Fong Khong

15:30-15:45 Eclipse Plumage as One of the Characteristic in Identification of Red Jungle Fowls (*Gallus gallus*).

Dr. Syahar Amir A. Gani

15:45-16:00 Herpetological Exploration in Karst Forests of Laos.

Dr. Nguyen Quang Truong

Stream 1--Room “Pangolin”

17:00-18:30: Zoo and Aquarium Vet Networking Chaired by Dr.Paolo Martelli

Stream 2

13:30-15:15 Pathology (Room “Saola”) Chaired by Dr. Wijit Banlunara, Dr. Chian-Ren Jeng, Dr. Achariya Sailasuta and Dr. Pham Ngoc Doanh

13:30-13:45 Intestinal Mucinous Adenocarcinoma in a Clouded Leopard (*Neofelis nebulosa*).

Dr. Chanokchon Setthawongsin

13:45-14:00 Pathology and Molecular Characterization of Feline Parvovirus Isolated from Small Indian Civets (*Viverricula indica*) in Thailand.

Dr. Surangkanang Chaiyasak

14:00-14:15 Reptilian Paramyxovirus in Captive Boidae and Pythonidae.

Dr. Piyaporn Kongmakee

14:15-14:30 Metabolic Bone Disease in a Veiled Chameleon (*Chamaeleo calypttratus*).

Dr. Benchaphorn Limcharoen

14:30-14:45 Causes of Deaths in Scimitar-horned Oryx (*Oryx dammah*) in the UK. Zoological Collections.

Dr. Manjula Jayasinghe

1445-1500 Pathological and Immunohistochemical Findings of Avian Encephalomyelitis Virus Infection in Captive Emu, Ostrich and American Flamingo.

Dr. Mohie Haridy

15:00-15:30 Break time

15:30-16:45 Asian Elephant (Room “Saola”) Chaired by Dr.Sarad Paudel, Dr. Chatchote Thitaram

15:30-15:45 The Effect of Platelet Concentrate Gel on Wound Healing in Asian Elephant (*Elephas maximus*).

Dr. Pakkanut Bansiddhi

15:45-16:00 Immune Responses on Different Dosages of Tetanus Toxoid in Captive Asian Elephant (*Elephas maximus*); Preliminary Study.

Dr. Chaleamchat Somgrid

16:00-16:15 Case Report: Cecal Trocarization for Gas Decompressing in Asian Elephant (*Elephas maximus*).

Dr. Thittaya Janyamethakul

16:15-16:30 Genetic Relatedness and Behaviours of Releasing Asian Elephants (*Elephas maximus*) in the Elephant Reintroduction Project.

Dr. Chatchote Thitaram

16:30-16:45 Interferon-gamma Release Assay (IGRA) for the Diagnosis of Tuberculosis in Asian Elephant (*Elephas maximus*).

Dr. Sarad Paudel

18:30 Dinner

16th October (Thursday)

08:30-10:20 ASZWM-WDA Joint Session for Asian Wildlife Diseases Surveillance: Rabies in Wild Animals.

Everyone (Room “Pangolin”) Chaired by Dr. Akio Yamada, Dr. Tokuma Yanai

08:30-08:45 A Collaboration between ASZWM and WDA for Wildlife Diseases Surveillance in Asia; a report of 69th Annual Meeting of WDA in Albuquerque, USA

Dr. Nabin Rayamajhi

08:15-09:05 Discovery of Rabies in a Wild Carnivore in Taiwan.

Dr. Chian-Ren Jeng

09:05-09:20 The Zombie Ferret-badger: Epidemiology and Impact of Rabies on Ferret-badger Population in the Coastal mountain Range, a Hotspot of Enzootic Area in Taiwan.

Dr. Chen-Chih Chen

09:20-09:35 Rabies Control and Vaccine Development for Wildlife in Korea.

Dr. Ha-Hyun Kim

09:35-09:50 Status of Oral Rabies Vaccination in Wild Animals in the Seoul, Metropolitan Area, Korea.

Dr. Hyunkyung Jang

09:50-10:05 Rabies in an Infant Orangutan (*Pongo pygmaeus*) at Borneo Orangutan Survival Foundation (BOSF) Nyaru Menteng.

Dr. Agus Fahrani

10:05-10:20 The Role of Animal Welfare in the Health Husbandry and Conservation of Zoo Species.

Dr. Heather Bacon

10:20-10:35 Break time

10:35-12:05 Infectious Disease ----Everyone (Room “Pangolin”)

Chaired by Dr. Manabu Onuma, Dr. Parntep Ratanakorn

10:35-10:50 Opportunistic and Pathogenic Mycobacteria: Importance and Systematic Surveillance of Mycobacteriosis based on Pathological Diagnosis.

Dr. Takayuki Wada

10:50-11:05 Monitoring of Outdoor and Zoonotic Infectious Diseases by using Hunting Dogs in Japan: Usefulness of Hunting Dogs as a Sentry.

Dr. Tokuma Yanai

11:05-11:20 Fatal Canine Distemper Virus Infection in Common Palm Civets (*Paradoxurus hermaphroditus*).

Dr. Paisin Lekcharoen

11:20-11:35 A Relapsing Fever Group *Borrelia* sp. similar to *Borrelia ionestari* found among Wild Sika Deer (*Cervus nippon yesoensis*) and *Haemophysalis* spp. Ticks in Hokkaido, Japan.

Dr. KyungLee Lee

11:35-11:50 Surveillance of Avian Influenza Virus in a Wild Bird Trade in Hanoi during Spring Migration Season 2014.

Dr. Le Manh Hung

11:50-12:05 Case Report of a Dyspneic Red-billed Hornbill Parasitized by Cyclocoelid Trematodes in Jurong Bird Park, Singapore.

Dr. Mitsuhiro Asakawa

1205 -1345 Lunch time

1210- 1st bus to bear center (Lunch packed)

1300- 2nd bus to bear center (Lunch in Green World Hotel)

1345-

Stream 1: Marine Mammals, (Room “Pangolin”)

Stream 2: Bear (Tam Dao Bear Rescue center)

Stream 1

13:45- Marine Mammals, (Room “Pangolin”)

Chaired by Dr. Yuko Tajima, Dr. Tadasu Yamada

13:45-14:05 Cetaceans from Vietnamese Waters: A View from the Outside.

Dr. Robert L. Brownell, Jr.

14:05-14:25 Some Information about Marine Mammals in Vietnam.

Dr. Pham Van Chien

14:25-14:45 Family Ziphiidae in Asia - Two Case Studies on Population Genetics of the Baird's Beaked Whale *Berardius bairdii* and Stejneger's Beaked Whale *Mesoplodon stejnegeri* around Japan.

Dr. Shino Kitamura

14:45-15:05 Chronological, Spatial and Age Distribution of Finless Porpoises (*Neophocaena phocaenoides*) in Taiwanese Waters Based on Stranding, Bycaught and Landbased Sighting Surveys.

Dr. Chiou- Ju Yao

15:05-15:25 First Record of Ginkgo-toothed Beaked Whale (*Mesoplodon ginkgodens*) stranded in

Korea.

Dr. Sunmin Kim

15:25- General discussion

Stream 2

13:45-18:00 Bear

Chaired by Dr. Toshio Tsubota, Dr. Joost Philippa

13:45-13:55 Bear Bile Farming and Its Impact on Welfare and Conservation of Bears in Vietnam.

Dr. Tuan Bendixen

13:55-14:05 Management of Rescued Bears from Bear Bile Farms at Animals Asia Sanctuary in Vietnam.

Annemarie Weegenaar

14:05-14:15 Operant Conditioning as an Animal Management Tool.

Sarah Dempsey

14:15-14:25 The Role of the Veterinary Nurse in Wildlife Medicine and Conservation.

Julie Corfmat

14:25-14:40 Common Health Problems of Previously Bile-farmed Asiatic Black Bears (*Ursus thibetanus*) in China.

Dr. Monica Bando

Break time: Half an hour tour of bear rescue center and clinic, by bus two minutes

16:30-16:45 Retinal Pathologies of Previously Bile-farmed Asiatic Black Bears (*Ursus thibetanus*) in Vietnam.

Dr. Joost Philippa

16:45-17:00 Heat Stroke Case in Male Sunbear in BOS Foundation Samboja Lestari, East Borneo.

Dr. Dermawan Saputra

17:00-17:15 Ketamine and Xylazine as Chemical Restrain Agent in Borneo Sunbear (*Helarctos malayanus euryspilus*) at Kalaweit Gibbon Conservation Center and Sanctuary.

Dr. Lina Susanti

17:15-17:30 Sunbear (*Helarctos malayanus*) amputation at Kalaweit Supayang Gibbon Convention Center and Sanctuary.

Dr. Dessy Chrisnawaty

17:30 Bus to Green World Hotel (30 minutes)

1900---Closing ceremony (Award ceremony, Announcement of next meeting, Dinner)

17th October (Friday)

Post- congress Satellite Symposium at Ha Long city, Vietnam

“Vietnam Biodiversity Workshop”

-Optional workshop

Time table of 7th ASZWM Meeting and Satellite Workshop

14 th OCT 2014 (Vietnam National University of Agriculture)			
9:00-12:00	ASZWM 2014 Pre-Educational Workshop		
14:00	Move to Tam Dao National Park Hotels after the Workshop in HUA (Bus from HUA)		
14 th OCT 2014 Evening (Green World Hotel at Tam Dao)			
17:00 -18:00	Registration at Hotel (Green World Hotel, Tam Dao)		
18:30	Award Ceremony for ACCM Diploma Welcome Party hosted by ASZWM at Green World Hotel, Tam Dao		
15 th OCT 2014 (Green World Hotel at Tam Dao)			
9:00-10:00	Opening Session		
10:00-11:40	Special Session: What is Conservation Medicine? Room Pangolin		
11:40-12:30	Poster Presentation		
12:30-13:30	Lunch		
	Room Pangolin	Room Saola	
13:30-16:00	Welfare, Management and Conservation	13:30-15:15	Pathology
17:00-18:30	Zoo and Aquarium Vet Networking	15:30-16:45	Asian Elephant
18:30-	Welcome Party and Free Discussion for Asian Conservation Medicine; Announcement for 2015 Meeting / Dinner		
16 th OCT 2014 (Green World Hotel at Tam Dao)			
8:00-10:20	ASZWM-WDA Joint Session for Asian Wildlife Diseases Surveillance: Rabies in Wild Animals Room Pangolin		
10:35-12:05	Infectious Disease Room Pangolin		
12:05-13:45	Lunch		
	Animals Asia Bear Rescue Center	Room Pangolin	

13:45-18:00	Bear	14:00-16:30	Marine Mammals
19:00	Closing Ceremony (Award Ceremony, Announce of Next Meeting and Dinner)		
17 th OCT 2014			
Vietnam Biodiversity Workshop in Ha long City			
Ha Long Bay ” Vietnam Biodiversity and Landscape Ecology” Workshop			

Free Excursion at Tam Dao (Tentative)

“Bird watching” / “Short trekking tour” at Tam Dao National Park in early morning on 15th October.

Please make direct contact with Mr. NGUYEN TRUONG SON in Tam Dao National Park.

Reminder

Again, as it may be cold in the morning in Tam Dao, where is around 1,000 m high from the sea level, it is recommended to prepare sweater and also sleeping bag.

Never forget to insure for your travel in Vietnam!
